

19 ACULÀ DI FÀDO 13  
**MATTIA FILIPPI**

The company is based in the center of Faedo, where Mattia grew up and first became passionately involved in wine and wine-making. Driven by this sense of vocation, he studied oenology and then worked in some of the most famous viticulture areas in the world. With the acquired experience, he decided to rent a hectare-sized vineyard south of the city of Trento, in a famed grape-growing area called **Casteller**. He fell in love with the rare and highly particular grape variety known as **Il Poggio** – also known to some people as **Vigneto Tempio** (or Temple Vine) – given the energy it transmits.

With the help of Rossella Marino Abate – a wine-making expert from Marsala – Matteo produces two wines, **Under The Sky** and **Equinotium**, using the best Cabernet Sauvignon grapes, and adopting methods based on **sustainable process**, intense focus on raw materials and devotion to absolute quality.

Having thus invested in a Trentino terroir famed for its noble and well-matured reds, he then turned his attention to the renowned white wines grown around Faedo – among the most revered Trentino wines – making wine with the grapes from his family's vineyards.

These are located at an altitude of 600 meters on steep slopes. The Chardonnay vineyard, in the area of **Palai bassi-Molini**, growing on the land of the old town mine, is used to make **Augusto Primo Cuvée**, a sparkling wine created using the Brut Nature classic method, aged for 44 months on the lees.

The vineyard in the Portadon area is employed to make the classic wine, pride of Faedo, the Müller Thurgau called **Xurfus**, the latest addition to the company's range.
